## Profile

---

I am a passionate web developer with a love for creating clean and functional websites. I specialize in front-end development using HTML, CSS, JavaScript & React.JS including latest frameworks like bootstrap & Tailwind CSS. I always love to learn new technologies and applying them to real-world projects. Proficient in **React.js and JavaScript**, with a deep understanding of component-based architecture and state management. Experienced in developing **responsive UIs, optimizing performance, and integrating RESTful APIs**.

## Education

---
